

Minnesota Woodworkers Guild offering more **Supporters Discounts** than ever!

www.mnwwg.org/supporters

Great news for Guild members! We have more than doubled the number of our supporters over the last couple of years, now with over 3 dozen suppliers that can save you hundreds of dollars on purchases. One Guild member recently told me he saved several hundred dollars on a recent purchase at Hirshfields!

Check out the list at www.mnwwg.org/supporters. Whatever you may need for woodworking, or many general home repairs, you will find it covered by our list of supporters, including:

- Tools and accessories
- Lumber and Plywood of all types
- Finishing supplies and paint
- Woodworking hardware
- Sharpening services
- Dust protection
- Maker spaces (community woodshops)
- Marketing services for small businesses

Some of our supporters give a percentage off, some give wholesale pricing, others have other special deals for Guild members. All supporters require that the purchaser have a valid Minnesota Woodworkers Guild membership card.

From national brands like Acme Tools and Woodcraft to our local vendors like Forest Products Supply and Service Grinding and Sharpening, you'll be glad to have that Guild membership card handy. Tell your friends about this benefit. They can join the Guild on-line at:

www.mnwwg.org/become-a-member.
