### PRESENTER

Brad Tallis has over  
35+ years of CAD  
experience, with the  
last 9 years working  
at Autodesk on the  
Fusion team. Most  
recently, Brad has  
started his own  
Fusion training and  
consulting business,  
CadEd llc.

**CAD ED. LLC**  
EDUCATION & EMPOWERMENT  
ONE DESIGN AT A TIME

### WHAT'S COVERED

- Introduction to Fusion and it's user interface
- Creating fully constrained sketches
- Using parameters and constraints to help with woodworking designs
- Creating and modifying 3D models
- Adding physical properties and materials
- Assembling parts together to check for form/fit/function
- Inserting components from other sources (McMaster Carr, Grabcad, etc)
- Creating 2D Drawings of your design
- Creating realistic renderings of your design
- Plus more!
